

Rules for FIS Scandinavian Cup – 2018/2019

Rules updated: July 1st, 2018

1. General rules

The Scandinavian Cup consists of a series of FIS competitions in Scandinavia (Iceland, Lithuania, Latvia, Estonia, Finland, Sweden and Norway).

The Scandinavian cup season 2018/2019 contains of nine (9) races and one (1) mini tour, race schedule can be found in the FIS calendar.

The goal with the cup is to stimulate senior ladies and men near World Cup level to race against each other and to give the best ladies and men the chance to race in the World Cup via the free quota system FIS provides for Continental Cups.

Each of the national Ski Associations selected to host a cup event will appoint a technical organizer.

Each organizer needs a substitute place where it is possible to organize event on the same date. If jury decides to cancel competitions, an expert commission will decide about new date. The expert commission consists of one member of each country mentioned above.

During a Scandinavian Cup event only senior categories will be organized.

2. FIS/ICR rules

The current ICR Cross Country (distributed from FIS normally in June each year for the upcoming season) is valid as competition rules for all Scandinavian Cup events.

The valid ICR can be downloaded here: <http://www.fis-ski.com/inside-fis/document-library/cross-country/#deeplink=rules>

3. Quotas and starting times

The cup is open for all skiers with an active FIS license from all nations.

The Scandinavian Conference can decide to use the “*General quota rules for Scandinavian cup events*” if there is a reason to limit the starting field, this will be communicated in the invitation to the or those events that the rules apply.

To make booking of travels easier for the national teams and ski clubs the last racing day of an event must have an early starting time and evening races shall be avoided. The starting times the last racing day must be clearly informed in the invitation for an event.

Juniors can principally start in a Scandinavian cup race if the number of participants does not exceed 150 and if the national ski federations allow their juniors to enter the race.

Juniors that are selected to represent a national team from NSA´s in Scandinavia are allowed to start regardless the number of participants.

4. Entries and entry fees

Entries must be done to all competitions by the national ski associations. FIS entry form or a form containing the same data about the athletes must be used.

The entry fee must not exceed 20 € per athlete per race.

5. Calculation of Scandinavian cup points

All skiers placing top 30 in a race will be awarded Scandinavian cup points (see below), this is valid also for skiers outside Scandinavia.

Only athletes from the Scandinavian region mentioned in paragraph 1, however, can be awarded with medals and trophies in the total Scandinavian Cup and get the free quota to the World Cup (see paragraph 1 and 7).

If an athlete outside the Scandinavian region is placed on the podium in the final classification the athlete will be awarded with flowers.

30 best ranked athletes in a race get points as follows:

1st place = 60 points	16th place = 25 points
2nd place = 54 points	17th place = 24 points
3rd place = 48 points	18th place = 23 points
4th place = 43 points	19th place = 22 points
5th place = 40 points	20th place = 21 points
6th place = 38 points	21st place = 20 points

13th place = 28 points	28th place = 6 points
14th place = 27 points	29th place = 4 points

SWE and NOR NSA are responsible to count the sprint, distance and U23 winners.

The 30 best results in the sprint events will be calculated for the “Scandinavian Sprint Cup” and the 30 best results in the distance events will be calculated for the “Scandinavian Distance Cup” The point scale is the same as here above.
